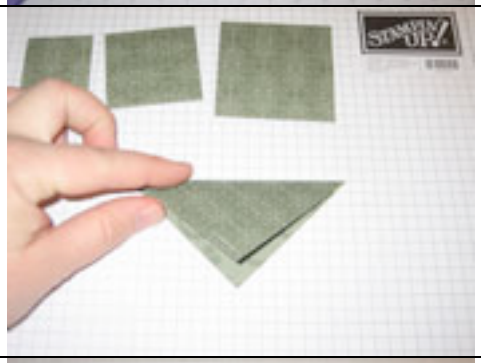
Supplies:

Stamps: Happy Everything, Season of Joy
Inks: Always Artichoke, White Craft Ink
Paper: Always Artichoke, Certainly Celery, Designer Series Paper in Soft Sky and Close to Cocoa, Wintergreen Designer Series Paper
Accessories: Ice Rhinestone Brads, Spring Bouquet Flower Punch, Ticket Corner Punch

Step 1:
Cut Designer Series Paper (Wintergreen) into 4 squares: 1.5", 2", 2.5" and 3"

Fold the largest square to form a triangle with the front side of your paper showing.

Unfold and repeat in the other direction to form an "x" on the paper.



Step 2:
Unfold the triangle and fold the top edge to the bottom edge to form a rectangle with the back side of the paper showing.

Unfold back to the square.

Step 4:
Holding the square so that the last fold is horizontal, push in on both sides on the last fold line.
This should form a folded triangle with that last horizontal fold meeting inside right in the middle.
Fold the two front corners down so they meet in the center.
Repeat for all 4 size squares of the tree and assemble as shown at the top.
